

Azentio Factoring

eFactor™

**Deliver
Real Power
Real-Time**

Real-time data is a decisive element in that by delivering unquestionable power to a business is indisputable. It provides the intelligence to serve strategic decisions, optimize resource allocations, improve yields, boost revenues and thereby propel business growth. As a lender, empowering your clients with insights that aid their business decisions can make you a vendor of choice. Clients will choose a vendor who can provide a holistic view of their transactions with accuracy and speed.

eFactor™ is a feature-rich extension of Azentio Factoring a.k.a. Factor/SQL®, a leading commercial financing software. eFactor™ provides commercial financing companies the power to offer their clients online, real-time access to information with Azentio Factoring.
